

THE VICTUS EUROPEAN STUDENT ACCOMMODATION FUND UPDATE CLASS B – CHF
INVESTMENT UPDATE

The Victus Fund had another month of strong performance in August, reporting returns of 0.22%

The Victus Fund retains its keen investor focus to drive attractive returns, continuously evaluating and monitoring opportunities emerging from the extremely active and buoyant student accommodation asset class market conditions and continues to progress its strategy of identifying new asset acquisitions to add to the current portfolio in major European countries, namely France, Germany and the Netherlands. In France, due diligence approaches advanced stages on a variety of potential development and investment opportunities in Paris, Marseille, Rennes and Montpellier. In Germany, research and analysis is underway for development opportunities in Berlin, Dusseldorf, Hamburg, Darmstadt

and Koln. And in the Netherlands the Victus Fund continues to review the acquisition potential of a number of development opportunities in the major University cities of Amsterdam and Delft. Meanwhile in the UK, practical completion has occurred at phase II of St James' Point in Newcastle and 100% occupancy was achieved with en-suite cluster flats being booked quickly, highlighting the strong demand for this product type in Newcastle, confirming the Victus Fund's investment strategy within this city and the other UK assets being developed in Bristol and Liverpool are due to be complete in time for the start of the 2015/16 academic year. Bookings for lettings within existing operational assets in the 2015/16 academic year are in line with expectations and ahead of last year, where the final lettings occupancy across the portfolio was high.

BACKGROUND TO THE FUND

The current economic climate has led many investors to seek uncorrelated investments that offer the opportunity to take advantage of assets which offer not only strong rental yields but also the real prospect of long term capital growth.

With global student mobility increasing, and European institutions actively recruiting more non-EU students, purpose-built student accommodation comes into its own. Private student housing operators providing a one-stop-shop for secure, quality accommodation, may find themselves with a commercial edge.†

INVESTMENT OBJECTIVES

- To provide investors with diverse investment in the Student Accommodation market in Europe, whilst only investing in major University countries and cities
- To invest in a mixture of new developments and mature properties that will provide a combination of strong rental yields, initial added capital value and anticipated ongoing capital growth
- To achieve target return of 9 – 12% p.a. before tax
- To invest in Europe alongside local student operators/developers through partnership and joint venture arrangements, sharing risk with these operators/developers who have successful track records in their localities
- To provide further diversification and risk reduction through:
 - A geographical spread across major University cities in Europe
 - Inclusion of 'affordable' older schemes without en-suite accommodation
 - Inclusion of newer schemes with en-suite accommodation (including studio flats) at higher rental levels
 - Inclusion of new purpose-built accommodation
 - A mix of undergraduate and postgraduate students
 - A mix of domestic students and international students
 - A variety of occupational agreements, including university leases and direct lets
