INVESTMENT UPDATE

During April work continued on budget and programme for both the Newcastle and Bristol new developments. On the 29th April a topping out ceremony was attended by senior dignitaries from Shepherd Construction, local universities and members of the Victus Board. A similar ceremony is planned for 23rd May for the Harbour Court development in Bristol.

In France a formal option was entered into for the purchase of two buildings which will complete in May. Initial due diligence continues to progress on sites in Paris, Strasbourg and Lille.

In Germany, detailed feasibility studies are being prepared for the Phase II refurbishments of the two existing assets as well as detailed due diligence being carried out on existing investment opportunities in Kassel, Berlin, Bremen and Stuttgart.

In the Netherlands, detailed due diligence and site visits are being carried out on a redevelopment opportunity in Amsterdam.

BACKGROUND TO THE FUND

The current economic climate has led many investors to seek uncorrelated investments that offer the opportunity to take advantage of assets which offer not only strong rental yields but also the real prospect of long term capital growth.

With global student mobility increasing, and European institutions actively recruiting more non-EU students, purpose-built student accommodation comes into its own. Private student housing operators providing a one-stop-shop for secure, quality accommodation, may find themselves with a commercial edge.¹

INVESTMENT OBJECTIVES

- To provide investors with diverse investment in the Student Accommodation market in Europe, whilst only investing in major University countries and cities
- To invest in a mixture of new developments and mature properties that will provide a combination of strong rental yields, initial added capital value and anticipated ongoing capital growth
- To achieve target return of 9–12% p.a. before tax
- To invest in Europe alongside local student operators/developers through partnership and joint venture arrangements, sharing risk with these operators/developers who have successful track records in their localities
- To provide further diversification and risk reduction through:
 - A geographical spread across major University cities in Europe
 - Inclusion of 'affordable' older schemes without en-suite accommodation
 - Inclusion of newer schemes with en-suite accommodation (including studio flats) at higher rental levels
 - Inclusion of new purpose-built accommodation
 - A mix of undergraduate and postgraduate students
 - A mix of domestic students and international students
 - A variety of occupational agreements, including university leases and direct lets
