

THE VICTUS EUROPEAN STUDENT ACCOMMODATION FUND UPDATE CLASS A - USD
INVESTMENT UPDATE

The Fund showed another strong return in December 2014 of 0.58%. Since inception the Fund has now shown a total return, at the property level, of 24.92%. As we reported last month the Fund has been carrying out due diligence on an asset in Bordeaux, France. We are pleased to announce that this transaction is now complete. Bordeaux is a major student location in France with over 80,000 students. The asset is extremely well located in the Meriadec district of Bordeaux. It is less than a five minute walk to Bordeaux city centre and less than 2 minutes walk to the tramline, which links the main university campuses with the city centre.

The asset was built in 1989 and has been used for serviced accommodation. The asset consists of 118 rooms, including 82 studios and 36 one bedroom apartments. The rooms are currently fully furnished and have separate bathrooms and toilets, along with fully equipped kitchen areas. In addition many rooms have a balcony. Initially the Fund will look to undertake a soft refurbishment of the asset, as well as converting some existing, unused office space, into additional bedrooms. We are delighted to have made this acquisition of an extremely well located asset in one of Europe's major student locations.

BACKGROUND TO THE FUND

The current economic climate has led many investors to seek uncorrelated investments that offer the opportunity to take advantage of assets which offer not only strong rental yields but also the real prospect of long term capital growth.

With global student mobility increasing, and European institutions actively recruiting more non-EU students, purpose-built student accommodation comes into its own. Private student housing operators providing a one-stop-shop for secure, quality accommodation, may find themselves with a commercial edge.†

INVESTMENT OBJECTIVES

- To provide investors with diverse investment in the Student Accommodation market in Europe, whilst only investing in major University countries and cities
- To invest in a mixture of new developments and mature properties that will provide a combination of strong rental yields, initial added capital value and anticipated ongoing capital growth
- To achieve target return of 9-12% p.a. before tax
- To invest in Europe alongside local student operators/ developers through partnership and joint venture arrangements, sharing risk with these operators/developers who have successful track records in their localities
- To provide further diversification and risk reduction through:
 - A geographical spread across major University cities in Europe
 - Inclusion of 'affordable' older schemes without en-suite accommodation
 - Inclusion of newer schemes with en-suite accommodation (including studio flats) at higher rental levels
 - Inclusion of new purpose-built accommodation
 - A mix of undergraduate and postgraduate students
 - A mix of domestic students and international students
 - A variety of occupational agreements, including university leases and direct lets
